

Happiest birthdaaaaayyy!!! actually, belated na 'to since I think late ko siya mabibigay hehehehehe. As you know, I write when my mind is unclear. Some of them do have meanings, but some of them doesn't. But just to let you know, I wrote these while thinking of you. I've written as many as I can hehehe, I also saw some old poems that I wrote before kaya nilagay ko na rin. I never knew and imagined that one day, you'll be able to read the writings I've hidden from everyone, especially from you. I thought that these writings will remain hidden and forgotten, at least. I've never written for someone except for my parents, yet I found myself writing tons of writings just for you. Actually, marami 'yan sila talaga pero I didn't put it all kasi ano hehehehe secret. I just want to say na I am very grateful to have you by my side. I hope that you know that my days are getting lighter whenever I talk to you :). Thank youu for everything, I may not be vocal but I hope that you know how special and how much you mean to me. I hope that you'll like this simple gift of mine hehehehe. 💖

This song reminded me of you, btw....
